EDUCATION

Maharshi Dayanand University, Rohtak (Haryana)   **Rohtak, Haryana**

Bachelor of Technology (Information Technology)   **Jun 2014**

PROFILE

I am an accomplished Software Developer with a keen desire to transition into Project management positions. With a proven track record in delivering high-quality projects and collaborating effectively with cross-functional teams, I possess the technical expertise and leadership qualities necessary for success. I excel at analyzing complex problems, communicating solutions, and fostering positive relationships. I am actively seeking opportunities to leverage my skills and drive organizational success in management roles within the Technology Industry.
